Annual Price List

OF

ELLSWORTH COWEN

GROWER OF

Small Fruits and Small Fruit Plants

BARNESVILLE, OHIO

READ CAREFULLY

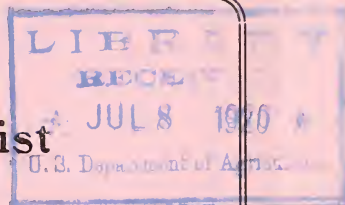

IN issuing this folder I have given a brief description of varieties listed, showing season of ripening to assist the purchaser in selecting varieties to meet his needs.

Plants listed are good, healthy, strong and true to name, and are fresh dug and shipped to purchaser, assuring quick arrival in good condition.

Spring shipping season usually opens about the middle of March and closes about the first of May.

Place your order early. It will be acknowledged, booked and shipped when you advise. If you wish, you need not send money until plants are ordered shipped.

Remit by bank draft, postoffice money order or registered letter. As to my reliability, I refer you to the First National Bank, Barnesville, Ohio.

BLACK CAP RASPBERRIES

- Cumberland**—Medium early in ripening. One of the largest and most productive, very hardy; jet black, very firm, attractive, always commands a high price in the market.....Per 100, \$1.25 Per 1000, \$10 00
- Kansas**—Season early; an enormous yielder of medium to large berries. We have picked two quarts from one hill at one picking.....
.....Per 100, \$1.00 Per 1000, \$ 8.00
- Gregg**—Season late; an old and reliable variety. It's coming on the market when the demand is keen assures a good price
.....Per 100, \$1.00. Per 1000, \$ 8.00
- Munger**—Season late. Comparatively new variety of much promise; berries very large and firm, requiring picking only twice a week. Canes very stocky, enabling it to stand up well under heavy loads of fruit....
.....Per 100, \$1.25 Per 1000, \$10 00
- Plum Farmer**—Season early and short. Ripens its entire crop in about ten days. It is very hardy and productive and as a new variety promises well.....Per 100, \$1.25. Per 1000, \$10.00

RED RASPBERRIES

- Red Rose**—A bright, red berry of large size that does not crumble in picking Season early; very prolific.....Per 100, \$1.25. Per 1000, \$10.00
- Cuthbert**—The best of the older red berries. Uniformly large; dark red and cone shaped. We have grown them that measured one inch in length and more than one half inch in diameter at the larger end; very hardy and productive; season late.....Per 100, \$1.50. Per 1000, \$12.50
- King**—An early, bright red and very productive berry. Having a long season, I recommend it as a very profitable berry to grow.....
.....Per 100, \$1.25 Per 1000, \$10.00
- Eaton**—A very large, dark, velvety red berry of unusual richness and beauty One of the first with the women for jam and jelly. Is also an excellent dessert berry. Season early to late. Plants of this variety are hard to produce, hence whoever plants them will have a prize to be proud of.....Per 100, \$2.00. Per 1000, \$15.00

YELLOW RASPBERRIES

- Golden Queen**—A yellow raspberry of rare beauty; prized very much as a dessert berry. It is a cross from the Cuthbert which it much resembles, except in color. Season medium early. I have a limited number of plants of this variety.....Per doz., 25c. Per 100, \$1.50

APR 24 1916

BLACKBERRIES

Eldorado—A large, long, sweet and jet black berry, minus the hard core found in some. Is without a doubt the finest flavor blackberry grown. Very hardy, productive and free from rust. Season late.....
.....Per 100, \$2.00. Per 1000, \$15 00

Early Harvest—As the name implies, is very early exceedingly; and very productive and of very long season, lasting from June to August. Berries medium to large.....Per 100, \$1.25. Per 1000, ~~\$10.00~~ \$10.00

Iceberg—Or white blackberry. When fully ripe are a creamy white. Unusually large and exceedingly beautiful. Their odd color attracts much attention. It is hardy; very productive. A fine dessert berry; also good for jelly and jam.....Per 100, \$2.00. Per 1000, \$15.00

STRAWBERRY PLANTS

Sample—Mid-season; an imperfect flowering variety: needs to be planted near a perfect flowering variety to be most productive. When so planted is a heavy annual croper of large and very firm berries.....
.....Per 100, 50c. Per 1000, \$ 4 00

Uncle Jim—Perfect flower. The largest and sweetest berry we ever ate. It has no core and seems to just melt in the mouth. It will sell for one-third to one-half more than the other berries by its side. Season early.....Per 100, 75c. Per 1000, \$ 5.00

Wm. Belt—Perfect flower; very late in ripening. Berries are very firm; irregular in shape; some growing in a half circle or fan-shaped that measure more than two inches across. It is very productive and is a profitable berry to grow.....Per 100, 75c. Per 1000, \$ 5.00

Concord Grapevines—Two year-olds.....Per doz., \$1.00. Per 100, \$ 6.00

Currant Bushes.....Per doz., \$1 50. Per 100, \$ 8.00

Gooseberry Bushes.....Per doz., \$2.00. Per 100, \$10.00
